

HE DEPLORES CRIMINAL NEWS

N. T. Gentry, to Christian Endeavor, criticizes Newspaper Policy.

In speaking on "The Effects of Good and Bad Associations" before one hundred members of the Presbyterian

Christian Endeavor last night, North T. Gentry deplored the accounts of criminal deeds which appear in many of the daily papers. He expressed the hope that the publication of such stories would soon be given up.

NAMES CULTURE REQUIREMENTS

Reading, Music, Art Important, Says Mrs. L. W. St. Clair-Moss.

"The first aid to culture is to be well read," said Mrs. Louella W. St. Clair-Moss at the women's meeting in the Missouri Union Building yesterday afternoon. "Culture is the power of expression, and college women should stimulate good conversation. They should not leave out of their education an appreciation of good music. As Americans, we are not trained musically, we have no folk songs, and because we lack this birthright we should cultivate a conversant knowledge of the best music."

Mrs. Moss said it was hard for her to understand why 1,500 student activity tickets are sold annually and only 150 Phi Mu Alpha concert tickets, especially when the difference in price was considered. She thinks an appreciation of art should be added. For this she recommended highly the Sunday afternoon lectures on the exhibits that are brought here.

"Every woman," she continued, "should have definite knowledge and opinion on questions that vitally concern her, as woman suffrage. The highest culture is to be of service and to comfort and provide the beautiful. Last, the cultured woman is never a snob. It is only the cultured one that can deal with all classes and be at home anywhere."

Next Sunday afternoon Dean Walter Williams will talk to the University women in the Union Building.

U. S. OFFICERS RAID SWINDLERS

Postal Inspectors Reveal Big Frauds, One of \$2,500,000.

By United Press
PHILADELPHIA, Dec. 11.—A gigantic swindle, exceeding even the wildest dream of J. Rufus Wallingford, was today revealed, officials declared, when United States postal inspectors conducted a wholesale raid that resulted in the arrest of men who had formerly stood well in Philadelphia business circles. One of the swindles is declared by authorities to involve \$2,500,000. Most of the money comes from widows and orphans.

Club to Prepare for Farmers' Week.

The directors of the Columbia Commercial Club will meet at 4:30 o'clock this afternoon in the club rooms to discuss what the merchants of Columbia will do for the visitors who will be here during Farmers' Week, January 1 to 5. Last year the club furnished badges for the visitors and found boarding and rooming places for them. Victor Jones, secretary, said the club would probably do the same this year.

HE CLIMBS ELOPEMENT LADDER

Bride of 20 Accedes to Parents' Demands and Begs Forgiveness.

By United Press
CHICAGO, Dec. 11.—Pretty little Mrs. R. Mayne Luther, 20, has climbed back up the ladder she climbed down in her elopement two years ago and now is back with mother, waiting for the trial of her divorce suit, some time within the next two weeks.

Ever since Miss Dorothy Kiewer climbed out of her bedroom window into the arms of her 23-year-old lover, it has been stipulated by her parents that she could return only by climbing back up the ladder and begging forgiveness from the window sill. Weary of dancing school and cabaret life in Denver, and her honeymoon long since waned, she finally gave up and began the climb.

Football Game in Dade County.

The Dade County Club met at the Y. M. C. A. Building yesterday and made plans for publicity work among the county high schools during the Christmas vacation. If the weather permits, it is planned to have a football game between the Greenfield High School team and another one of M. U. boys. In case a football game cannot be played, a basketball game probably will be scheduled.

FARMERS SHOULD BE NEIGHBORS

Prof. O. E. Johnson Tells Short Course Men of Need for Co-operation.

The Country Welfare Club, which is composed of short course students in the College of Agriculture, was addressed Sunday morning by Prof. O. E. Johnson of the farm management department. Mr. Johnson chose as his subject "The Other Fellow." In his talk he showed how dependent the farmer is upon his neighbor and the necessity of the farmer co-operating in a consideration of the other fellow. The farmer's dependence upon certain business enterprises which he should strive to regulate rather than to eliminate was made clear. The meeting was not well attended as most of the short course men were out of town the early part of the week when the meeting was to be advertised.

Dr. J. C. Whitten is expected to talk to the club next Sunday morning on some phase of country welfare.
